

Team 11 - FlatMatch - Screenshots

In the following, we will show the screenshots of the web application for (at least) each of the mockups from assignment 2. Here, the subtitles indicate the six sections of the user journey of assignment 2 and each contain the screenshots corresponding to the mockups found in these sections. Significant deviations in the UI are explained below the respective screenshot.

Ready to find your perfect home?

Now is the ideal time to get started! [Set up your search criteria](#) and let our platform match you with properties that fit your needs and desires.

Our user-friendly tools make it easy to specify your preferences, helping you find the best matches quickly.

[SET CRITERIA](#)

The screenshot shows the 'Your Profile' step of the FlatMatch search profile creation process. At the top, there is a navigation bar with the FlatMatch logo, a 'Try FlatMatch+' button, and a 'Hi, Tom' greeting. Below the navigation is a progress bar with four steps: 'Find Your Property' (Basics), 'Flat Details', 'Your Profile' (highlighted with a yellow circle containing the number 3), and 'Upload Images' (highlighted with a yellow circle containing the number 4). The main content area has two sections: 'Documents' and 'I can provide'. The 'Documents' section contains a placeholder for uploaded key documents to verify financial stability and rental history. The 'I can provide' section lists various services or information that can be included in the profile, such as Income Verification, Guarantor, Home insurance, Rental History, SCHUFA, and Previous Landlord Reference. A large yellow decorative wave is at the bottom.

For the “Your Profile” section of the search profile creation process, we decided to limit the functionality to change other account setting information except for the “About Me” as we thought it would be more intuitive to keep it in the account settings page alone.

The screenshot shows the 'Your Profile' step of the FlatMatch search profile creation process. The interface is similar to the previous one, with a navigation bar, a progress bar, and a main content area. The main content area features a section titled 'Describe Yourself in Tags' with a search bar labeled 'Search extra tags'. Below the search bar is a grid of various tags, each represented by a small button. Some tags are highlighted with a green border, while others are grey. The highlighted tags include 'Foodie' (which is also the active tag), 'Fitness Guru', and 'Minimalist'. A tooltip at the bottom of the screen states: 'Highlighting Pet-Friendly Areas in your listing caters to the growing number of pet owners looking for suitable accommodations.' A large yellow decorative wave is at the bottom.

Exploration and Selection (Landlord)

Here, we chose to use a dialog instead of a component similar to the swiping through the flat profiles. This is because, on the landlord's side it will not be a swiping experience through a multitude of users but rather a quick selection process through a handful of users.
